Mr. Madison

Confirmed the email was received. I was informed last Friday that I have to meet with government officials regarding the issues I have been working on in Texas for several years regarding multiple school districts. I will find out at that time what if any correspondence is allowed at this time regarding Itasca ISD. As I have made it very clear to the Itasca ISD going back to 2020 there is more to the issues pertaining to the district than what they understand, and I can discuss with them.

This is all the information I can share at this time.

Good morning,

Dr. Harris has provided me with the attached letter and asked me to reach out to you as the point of contact. Please provide me with the public information requests leading up to this letter and I will get back to you for discussion.

I am also attaching the Texas OAG Public Information Act Handbook for 2024. We will both need to proceed "by the book" so I want to make sure that you have a copy to review.
